ABOUT US

Cryptocurrency is a digital payment system that doesn't rely on banks to verify transactions. It's a peer-to-peer system that can enable anyone anywhere to send and receive payments. Cryptocurrency is a digital or virtual currency secured by cryptography, operating on a decentralized network. It's a form of digital payment that relies on blockchain technology for transaction verification and recording, rather than a central bank or financial institution. Cryptocurrencies are not issued by governments or central banks, and their value is determined by market forces.

WHAT IS CRYPTOCURRENCY

You can purchase a fraction of bitcoin valued at 1000 rupees. Several crypto exchanges, including ZebPay, permit users to buy fractional amounts of various cryptos, including Bitcoin. You can start your crypto journey on ZebPay with as little as INR 100. Yes, Binance is legal in India. Binance has resumed its operations, and you can use its platform to do so. It has registered with the Financial Intelligence Unit-India (FIU-IND) as a reporting entity, which allows it to operate legally. This registration signifies it is now following Indian financial regulations.
